We Can Make a Difference!

With our dual bonded warehouse system, we streamline processes instantly, setting ourselves apart in the industry.

We store materials arriving by land or sea in a single location, either as cleared or pending customs clearance, eliminating additional inland transportation costs.

This ensures both time savings and operational cost efficiency.

Ambarli Warehouse

Is a strategic logistics hub, especially for the storage of containers arriving by sea.

Location Advantage

Thanks to its proximity to Ambarlı Port, it provides fast transfer in maritime transportation.

Services

Container unloading and storage of products

Acceptance and storage of goods arriving by road

Sorting, packaging and preparation of products for shipment

For Who?

It is an ideal warehouse for importers, companies that transport large volumes of cargo by sea and companies with mixed logistics operations.

Warehouse Affiliated with Muratbey Customs

Description

A high-standard logistics facility designed for the temporary storage of non-nationalized goods arriving by road transport. This facility offers a tailored storage solution to meet the needs of road transport companies.

Services

Pre-Customs Storage: Secure storage of goods prior to the completion of customs procedures.

Handling Operations: Fast and reliable handling processes.

Sales and Trade from the Warehouse: Enables sales, transit trade, and partial/full import operations directly from the warehouse.

Transfer Operations: Facilitation of product transfers or redirection for re-export.

Security and Standards: High-security areas to ensure the protection of goods.

Who Is It For?

Companies engaged in road transport seeking secure storage for their goods until customs procedures are completed.

Businesses involved in transit transport requiring warehouse processing for their goods.

Processes Performed

Procedures related to transit transport operations.

Sales and transit trade from the warehouse.

Partial or full import operations.

Handling and transfer activities.
